VACCINATION, IMMIGRATION AND VISA REQUIREMENTS

The information on the applicable vaccination, immigration and visa requirements was correct on the date of printing (subject to change). These notices and requirements only apply to citizens of Germany, Austria and Switzerland. Citizens of other countries are asked to enquire about their own requirements at their consulate or embassy or when booking in their travel agency or at their consulate or embassy. These notes refer to the cruise including the arrival and departure advertised in the catalogue as well as to the pre- and post-cruise programs on our website. As some of the necessary visas have a limited period of validity and as visa requirements can change, please wait until you receive the cruise information approximately three months prior to departure before applying for a visa.

GENERAL INFORMATION ON VACCINATION REQUIREMENTS

- Vaccination against Covid-19 is currently not necessary. If vaccination requirements change due to local regulations, we will inform you immediately. You will be sent up-to-date information about this with your travel documents.
- The passenger should research infection prevention, vaccine protection and other prophylactic measures in advance; if necessary, the passenger should seek medical advice on the risks of thrombosis and other health problems, as well as vaccine intolerance. For general information, please refer to the public health authorities, doctors experienced in travel medicine, tropical disease specialists, information services specialising in travel medicine or the Federal Centre for Health Education.
- In all cases, passengers should have their immunisation protection against tetanus, diphtheria and polio tested and, if necessary, boosted. Please consult your doctor prior to departure for further recommended vaccines (e.g. hepatitis A, malaria and tick-borne encephalitis).
- Yellow fever vaccinations must be administered at least ten days before entering the country for which the vaccination is mandatory and entered in the vaccination certificate. Otherwise entry will be refused. Cruises and countries for which a yellow fever vaccination is compulsory are listed in our table. Despite the most recent statement from the World Health Organisation (WHO) that a single vaccination is sufficient for lifelong protection from yellow fever, this is contrary to the requirements of the respective countries, which still require a booster every ten years. National legislation is binding in these instances and legally supersedes the recommendations of the WHO. If you cannot prove that you have been vaccinated against yellow fever, embarkation will not be possible. Please refer to clause 4 of our Terms and Conditions of Travel. In exceptional cases, a certificate of vaccine intolerance may be sufficient. However, we cannot guarantee that this will be accepted by the local authorities. If you have spent time in an area with a yellow fever epidemic before your cruise, we urgently advise you to carry proof of your yellow fever vaccination on your person and to show it if required by the authorities on board.

• There are enhanced vaccination requirements in the South Seas region and compliance with them is a prerequisite for entry. Vaccination against measles in particular is increasingly vital. Please check the current vaccination requirements and your vaccination record before you travel. There should be at least four weeks between the first and second measles vaccinations. The second vaccination must be administered at least 15 days before entering the country for which the vaccination is mandatory and entered in the vaccination certificate. Otherwise entry will be refused. This does not apply to children under six months of age, pregnant women or individuals for whom the measles vaccination is contraindicated and can demonstrate this with a medical certificate.

GENERAL INFORMATION ON IMMIGRATION AND VISA REQUIREMENTS

- In general, unless indicated otherwise, passengers require a valid passport or children's passport which must have an expiry date more than six months after the end of the cruise.
- Your passport must contain two free opposing pages per country in order for you to enter and leave certain countries (especially outside of Western Europe). Therefore, please check in advance whether your passport meets the requirements for the cruise you have booked.
- Special entry requirements apply for minors in many countries, especially if they are not travelling with their parents (and instead with their grandparents, for example) or are travelling with only one parent. A written declaration of consent from the parents and/or an international birth certificate may be required, for example. These documents must be written and certified at least in English, but often also in the language of the respective country of travel. Please inform yourself in advance at the relevant embassies.
- Any immigration or visa fees accrued are not covered by the cruise price.
- Please enquire with your travel agency as to the current entry requirements in place at your cruise destinations. Your travel agency will be happy to assist you in procuring any necessary visas.

NOTICE 1

Cruises to the Antarctic take you into a region faraway from civilisation, which means there is no medical care network there. For this reason, they are subject to an internal authorisation process, for which all guests are required to fill in a medical questionnaire. Please note that this is only possible online at www.hl-cruises.de/gesundheitsfragebogen

Furthermore, online registration ("electronic permit system - EPS") will be required for South Georgia starting in August 2025. This will be administered by HLC; further details will be provided with our preliminary information.

NOTICE 2

(Group) visa upon arrival of the ship or upon entering the country (which might be subject to charges).

NOTICE 3

You require an individual visa. This will be issued electronically (an ETA) and it must be applied for prior to entering the country. You can obtain more information online or contact the travel agency assisting you with the procurement and issuance of your visa.

NOTICE 4

You will only need a valid ID card for entry.

NOTICE 5

Everyone travelling to the USA who does not require a visa under the Visa Waiver Program must register online with the US Department of Homeland Security at least 72 hours before their arrival and apply for electronic travel authorisation. A processing fee is charged for the application. You can find more information online at https://esta.cbp.dhs.gov/esta and from your travel agency. In addition to your electronic travel authorisation, you will require a passport with a chip containing biometric data for visa-free entry into the USA. Passengers with non-machine-readable passports, such as temporary replacement passports, do not qualify for visa-free entry into the USA. All such travellers require a visa. These regulations also affect children (from birth). Every child requires their own European passport. A child cannot enter the country with a children's passport or ID card or using a parent's passport. Upon entering the country, photographs and fingerprints will be taken for each guest. Passengers who have visited Iraq, Iran, North Korea, Sudan, Syria, Libya, Yemen and Somalia after 1.3.2011 do not qualify for visa-free entry and need a regular visa to enter the USA. Even passengers who have visited Cuba in the past can currently no longer enter the USA with ESTA, but must apply for a visa. Unfortunately, there is conflicting information as to whether this visa requirement only applies to people who visited Cuba on or after 12.3.2021 or whether it pertains to all travellers entering Cuba. Please contact the US diplomatic mission responsible for you in good time before your cruise.

THE CRUISE PRICE (CRUISE ONLY) INCLUDES THE FOLLOWING

- Expedition cruise in the booked category
- International gourmet cuisine full board early-bird breakfast, breakfast, bouillon, afternoon coffee/tea time, lunch and dinner (three restaurants to choose from in the evening with flexible opening hours)
- All landings and rides in the ship's own Zodiacs (Use of the Zodiacs depends on the destination and on official permits)
- Experienced experts from various disciplines accompany every cruise, give presentations and multimedia lectures, provide well-informed answers to questions about the cruising area and take part in the Zodiac landings/rides
- Use of the interactive Ocean Academy with individual knowledge formats
- Extensive sports programme: fitness area with ocean view, course programme, additional sports activities on shore depending on the destination
- Equipment for loan: one pair of binoculars and two sets of Nordic Walking poles in the cabin itself, furthermore warm parkas, rubber boots, snorkelling equipment
- German- and English-speaking ship and expedition management as well as German- and English-speaking service crew
- OCEAN SPA with Finnish sauna with an ocean view, steam sauna, indoor and outdoor relaxation area (spa treatments and hairdresser at a surcharge)
- In every cabin: champagne to welcome you, mini bar restocked daily with a selection of soft drinks (additional selection of spirits in the Grand and Junior Suites), coffee machine, 24-hour cabin service
- Flat-screen television with information and entertainment programme
- Personal email account (with own on-board address), Internet (free of charge for one hour per guest and per day, depending on satellite reception, especially in polar regions)
- Comprehensive information before the cruise for example handbooks about the Arctic and Antarctic and the Amazonas as well as expedition maps
- Information about harbours and destinations (where available) in the cabin
- Cancellation insurance exclusively for the Platinum and Gold rates: Cancellation insurance (20% excess) is already included in the travel prices of the PLATINUM and GOLD tariffs.

MINIMUM PARTICIPANTS PER CRUISE

• 150 Person

GUESTS WITH LIMITED MOBILITY

On the whole, cruises on the HANSEATIC spirit are not suitable for guests with limited mobility. Please note that a large number of our planned Zodiac landings and shore activities require a high level of physical fitness; depending on the conditions, we can only guarantee participation for guests with no mobility restrictions. The HANSEATIC spirit has one cabin with fully accessible layout and equipment (cabin 404). We nevertheless highly recommend that you travel together with a responsible companion because, due to special procedures on board a ship, continuous attendance is not possible. Certain groups of people can only be accommodated if they are accompanied. Please bring your own standard-size wheelchair or any other medical equipment with you if you are dependent upon it. Unfortunately, electric wheelchairs and guide dogs cannot be brought on board. Please note that participating in shore activities and going out in the Zodiacs (subject to weather conditions) may not be possible for guests with physical limitations. We reserve the right to restrict participation in group activities to guests who can manage the entire activity without problem and without external assistance. Unfortunately, guests who are dependent on a wheelchair cannot travel in the Zodiacs. Whether or not guests can go ashore by tender boat (when the ship is at anchor) is also dependent on the weather and cannot always be guaranteed. To ensure that you experience a relaxing cruise where everything goes smoothly, before booking please provide us with details of your physical impairment and enquire as to whether we can meet your individual needs.

HEALTH AND HYGIENE ADVICE

There are currently no longer any Covid 19 restrictions in most parts of the world. Nevertheless, we ask you to continue to protect yourself against infections. We also ask for your understanding if there are any last-minute adjustments to individual programme items. These changes are always made in the interest of the health and safety of our guests and crew and are in line with current official requirements.

INSURANCE PROTECTION RECOMMENDATION

For their own protection, the passenger is advised to take-out compehensive travel insurances, if this is not already part of the cruise package. We generally recommend taking out travel cancellation insurance, travel termination insurance and travel medical and major medical insurance that is valid worldwide, including emergency medical evacuation/repatriation for the entire period of your trip, as well as insurances covering luggage, travel liability.

STANDARD INFORMATION FORM FOR PACKAGE TRAVEL CONTRACTS

The combination of travel services offered to you is a package within the meaning of Directive (EU) 2015/2302. Therefore, you will benefit from all EU rights applying to packages. Hapag-Lloyd Cruises, a TUI Cruises GmbH company (hereinafter Hapag-Lloyd Cruises) will be fully responsible for the proper performance of the package as a whole. Additionally, as required by law, Hapag-Lloyd Cruises has protection in place to refund your payments and, where transport is included in the package, to ensure your repatriation in the event that it becomes insolvent.

Following the hyperlink the traveller will receive the following information:

KEY RIGHTS UNDER DIRECTIVE (EU) 2015/2302

- Travellers will receive all essential information about the package before concluding the package travel contract.
- There is always at least one trader who is liable for the proper performance of all the travel services included in the contract.
- Travellers are given an emergency telephone number or details of a contact point where they can get in touch with the organiser or the travel agent.
- Travellers may transfer the package to another person, on reasonable notice and possibly subject to additional costs.
- The price of the package may only be increased if specific costs rise (for instance, fuel prices) and if expressly provided for in the contract, and in any event not later than 20 days before the start of the package. If the price increase exceeds 8% of the price of the package, the traveller may terminate the contract. If the organiser reserves the right to a price increase, the traveller has a right to a price reduction if there is a decrease in the relevant costs.
- Travellers may terminate the contract without paying any termination fee and get a full refund of any payments if any of the essential elements of the package, other than the price, are changed significantly. If before the start of the package the trader responsible for the package cancels the package, travellers are entitled to a refund and compensation where appropriate.
- Travellers may terminate the contract without paying any termination fee before the start of the package in the event of exceptional circumstances, for instance if there are serious security problems at the destination which are likely to affect the package.
- Additionally, travellers may at any time before the start of the package terminate the contract in return for an appropriate and justifiable termination fee.

- If, after the start of the package, significant elements of the package cannot be provided as agreed, suitable alternative arrangements will have to be offered to the traveller at no extra cost. Travellers may terminate the contract without paying any termination fee, where services are not performed in accordance with the contract and this substantially affects the performance of the package and the organiser fails to remedy the problem.
- Travellers are also entitled to a price reduction and/or compensation for damages where the travel services are not performed or are improperly performed.
- The organiser has to provide assistance if the traveller is in difficulty.
- If the organiser or, in some Member States, the retailer becomes insolvent, payments will be refunded. If the organiser or, where applicable, the retailer becomes insolvent after the start of the package and if transport is included in the package, repatriation of the travellers is secured. Hapag-Lloyd Cruises has taken out insolvency protection with Deutscher Reisesicherungsfonds GmbH, Sächsische Straße 1, 10707 Berlin the travellers may contact this entity or, where applicable, the competent authority if services are denied because of Hapag-Lloyd Cruises insolvency.
